As 'Intellectual Property Rights' was a relatively unknown area for the faculty and other participants, a presentation on the 'Intellectual Property Rights Act' was arranged. The resource person for this session was Dr. Savita Rasam who is an assistant professor of Law & an expert in the field of Law. She explained the act, its provisions & punitive actions, if the law is broken.

This session helped the participants understand the act. The doubts of the participants were cleared by Dr. Rasam.

In the first session Dr. Shivaji Sadale who is an assistant professor as well as a researcher who has patents gave a presentation on the procedure of filing a patent, the types of patents, the stages in filing and receiving patents and the difficulties faced by a researcher.

In the second session the topics were opened for discussion. The resource persons answered queries of the participants .

In the valedictory session certificates of participation distributed and the seminar was declared over with a vote a thanks to all.
